RE: Well Completion Report for ECCV Well DI-1 (EPA UIC Permit No. CO12143-08424)

Dear Ms. Cheung,

Attached please find the well completion report for the East Cherry Creek Valley Water and Sanitation District UIC Class I injection well. As requested the report and all attachments are being sent in digital form. The submittal is complete except for the geologic strip log which is too big to send via email. I will also send you paper copies of all the geophysical logs and the geologic log.

Sincerely,

Pat O'Brien, CPGS, PE
